

EXPERTISE ALLIANCE

The first of its kind to be offered in Goa, the groundbreaking **Expertise Alliance** program from **Alliance Française, Panjim** brings excellence in French-language education to participating schools and colleges through a **multifaceted approach** of teacher training, curriculum development, cultural enrichment, educational resources, and more.

The Expertise Alliance Advantages

French Instruction at Recognized International Standards

Student progress made straightforward.

To ensure student progress can be easily evaluated and internationally recognized, Expertise Alliance implements a program of French-language instruction that adheres to the widely used **Common European Framework of Reference for Languages (CEFR)**, which ranks students' language abilities in six recognizable levels, from basic to expert. Under Expertise Alliance, participating students focus on **established educational targets at each level of language study**, ensuring systematic achievement on par with European programs. In addition, the teaching method used by Alliance Française, Panjim is based on the most modern and efficient techniques that encourage active learning of French.

Preparation for the DELF exam

Students are set to apply for official certification in French.

Working within the guidelines of the CEFR, Expertise Alliance provides students with effective, strategic preparation for the **DELF (Diplôme d'études en langue française)**, the official diploma in French language provided by the **French Ministry of Education** that is valid for life. Notably, the DELF is required for university study in France and recognized by several other Francophone countries. It is also an essential asset for working in France or with French or international companies.

Note: Testing for the DELF is offered separately from Expertise Alliance. See our À La Carte Services brochure or contact us directly for more details.

In-Depth Teacher Training

Instructors become better French teachers.

Upon demand, teachers at participating schools are trained in proven and effective methods of **instruction in FLE (Français langue étrangère/ French as a Foreign Language)** following the guidelines of the CEFR. On prior request, teachers may benefit from **thematic workshops** and training.

University Study through Campus France

Discover a new world of academic options.

Featuring prestigious institutions like the Sorbonne, the **French university system remains one of the world's best**—all the while being competitively priced. Thanks to its close connection with **Campus France**—the official promotional agency for university study in France—AFP can also provide participating schools' teachers, students and their parents with **support and guidance in the process of applying to study in French universities**, including assistance with CV and motivational letter.

Explore A Rich Cultural Program

Students learn from activities and resources.

Successfully learning a new language also means learning a **new culture**. To create a truly immersive experience, Expertise Alliance offers participating schools and colleges a rich assortment of **cultural activities**. Movie screenings featuring French-language films subtitled in English with corresponding educational in-class activities. Other activities include contests, exhibitions, shows, **la Journée Internationale de la Francophonie (International Francophonie Day)**. Prior registration, participating students also receive access to the much lauded **Culturethèque**, an online virtual library replete with the latest resources including books, newspapers, multimedia, dictionaries, and more.

À LA CARTE SERVICES

To complement the Expertise Alliance program, Alliance Française, Panjim also offers a range of **à la carte (individual) services** to meet your specific needs. Current offerings include:

- Testing for the DELF
- Teaching Services
- Training in FLE
- After-School Programs
- Educational Trips to France

For more information, please refer to our À La Carte Services brochure or contact us directly.

WHY FRENCH?

1 Easier to Learn.

As a Romance language, French is easier and faster for English-speakers to master in comparison to other influential world languages like Chinese, German, or Arabic. Given its linguistic and historic connections, learning French also improves students' mastery of both Spanish and Portuguese.

2 Academic Advantage.

A high level of French adds a distinct edge to college applications and furthers college studies. French can help qualified high-school students earn advanced standing or college credits in national examinations. With French, students can more easily excel in study abroad programs and university exchanges—not to mention, have a competitive advantage in degree programs in multiple disciplines, from International Relations to the humanities.

3 Professional Opportunities.

As one of the main languages of business and international relations, French opens new opportunities for employment with French and international companies in India, 32 countries where French is an official language, or abroad.

4 International Education.

A mastery of French provides opportunity to study in the widely respected yet competitively priced French university system (including prestigious institutions like the Sorbonne) as well as top universities in other Francophone countries.

5 Global Perspectives.

With over 270 million speakers around the world, knowing French fosters regional and international connections. Besides being spoken in Europe, the Americas, the Caribbean, and Africa, French is an official language of the United Nations, the European Union, and major international organizations like the International Red Cross, the International Olympic Committee, and Doctors Without Borders.

ABOUT ALLIANCE FRANÇAISE, PANJIM

The **Alliance Française** was founded in Paris in 1883 with the mission to promote French language and culture around the world. Today, the non-profit cultural organization now features 834 branches in 132 countries.

Founded in 2007, **Alliance Française, Panjim** is dedicated to fostering an intercultural dialogue and amicable relations between France and Goa. Located in the neighborhood of Altinho, one of the prime locations in Panjim, AFP is now Goa's leading French language and cultural center, annually training hundreds of students of all ages at all levels of French. In part of its vision to introduce French and the opportunities that it provides, AFP is partnering with schools, universities and companies across Goa. Complementing its linguistic curriculum, AFP organizes cultural events open to the general public throughout the year, including shows, screenings, conferences and more.
